

## **THE LAW OF THE INTERNAL MARKET I.**

**Lecturer: Dr. Tamás Szabados**, senior lecturer  
Department of Private International Law and European Economic Law (ELTE)  
e-mail: [szabados@ajk.elte.hu](mailto:szabados@ajk.elte.hu)

### **Course description**

The operation of the Internal Market is based on the free movement of goods, persons, services and capital. The course intends to provide an overview on the basic institutions and legal sources of the EU Internal Market Law. The lectures will rely mainly on the relevant provisions of the Treaty on the Functioning of the European Union and secondary EU law sources as well as the judgments of the Court of Justice of the European Union.

### **Course schedule**

1. The notion of Internal Market, legal sources of Internal Market Law, different forms of integration
2. Customs Union, customs, charges having an equivalent effect
3. Internal taxes
4. Free movement of goods: quantitative restrictions and measures having equivalent effect to quantitative restrictions
5. Free movement of goods: selling arrangements, restrictions on product use
6. Free movement of workers, the rights of workers
7. Freedom of establishment
8. Freedom of establishment of companies
9. Union citizenship, Directive 2004/38/EC
